Subject: Couple of Items

Hi Swim Team Parents

Unfortunately it looks like we will be a Clerk of Course down at tomorrow night's meet so I am hoping that someone will be able to step up and cover it for us. If you are able to then please let myself or Pam know as soon as possible.

Also, at tomorrow's meet we will be trialing a new system for getting the 6 & Under and the 7-8s to the Clerk of Courses in a timely manner. Myself and Pam will walk around the poolside with posters showing which groups of swimmers are needed and the race number, we will take the swimmers to the canopy where the Lane Slips are and put the swimmers in order before taking them to the Clerk of Courses. This will hopefully allow the Clerk of Courses to concentrate on taking the Lane Slips from the swimmers, having them in the correct order for the Timer and making sure the Timer has all the Lane Slips before going to the other end of the pool for the 25m races. What we need parents to do is to keep watching for us to make sure we collect your swimmer. This will also help with congestion behind the blocks as parents will not need to be back there. If all goes well, and we have no reason to think that it won't, then we will continue this process for the rest of the season for both home and away meets. This is ONLY for the younger swimmers, the older swimmers are expected to get themselves to the Clerk of Courses in a timely manner, usually 5 races before the one they are due to swim.

Thanks for your cooperation and see you at the pool.
