Subject: Dolphins Cheering Section

Hi it's me again!!

It has been brought to our attention that whilst we are asking you to sit on the far side of the pool to give the Dolphins a big cheering section, it isn't always possible because the chairs often have towels on them. It seems that some swimmers are depositing their towels and bags on those chairs but not actually using the chairs during the meet. This is forcing our parents and supporters to sit amongst the away team. Whilst this isn't an issue...we're all friendly here... it would be nice to have more of our supporters together on one side of the pool to cheer and encourage the swimmers.

Unless your swimmer is saving a chair or two for you we would appreciate you asking them to put their belongings where they are going to 'hang out' during the meet.

Thanks so much

Sandra Di Gangi
